

About Dr. Pragati Gogia Jain

Dr. Pragati Gogia Jain is a highly respected and accomplished Dermatologist, Venereologist, and Leprologist, currently serving as a Senior Consultant at Apollomedics Super Speciality Hospital in Lucknow, India. With over 14 years of experience in the field, she has established herself as a leading expert in dermatology, known for her meticulous diagnostic skills, innovative treatment approaches, and a deeply empathetic patient-centric philosophy.

Dr. Jain's career is marked by her ability to handle complex medical cases across multiple prestigious institutions in India, earning her widespread recognition for her contributions to both medical and cosmetic dermatology. Her dedication to patient education, advanced therapeutic

techniques, and continuous professional development has solidified her reputation as a trusted healthcare provider, making a profound impact on the lives of her patients.

Educational Background and Qualifications

Dr Pragati Gogia Jain's educational path is a testimony to her dedication to excellence in dermatology:

- **MBBS (2010):** She earned her Bachelor of Medicine and Bachelor of Surgery (MBBS) from the University of Mauritius, where she distinguished herself by securing five university gold medals for achieving first ranks and academic distinctions. This early distinction underscored her tenacity in thought and for the medical profession.
- **DNB in Dermatology, Venereology, and Leprosy (2015):** Dr. Jain pursued advanced specialization through the National Board of Examinations, gaining comprehensive expertise in diagnosing and treating skin, hair, nail, and mucocutaneous disorders.
- **Fellowship in Dermatotomy:** Furthering her skills, she completed a prestigious fellowship at the National Skin Institute in Singapore, focusing on advanced cosmetic and surgical dermatology techniques. This training equipped her with cutting-edge knowledge in procedures such as laser therapies, scar revision, and minimally invasive surgeries.

Her robust educational foundation, combined with international training, enables Dr. Jain offers a wide spectrum of evidence-based treatments tailored to diverse patient needs.

Professional Experience

Dr. Jain's extensive career spans over 14 years, during which she has worked in some of India's most esteemed medical institutions, contributing to the management of complex dermatological cases. Her professional journey includes:

- **Senior Consultant, Apollomedics Super Speciality Hospital, Lucknow:** Situated at Kanpur– Lucknow Road, LDA Colony, Dr. Jain currently serves as a senior consultant, providing advanced dermatological care in a state-of-the-art facility. Her role involves diagnosing and treating a wide range of skin conditions, performing cosmetic procedures, and collaborating with multidisciplinary teams to ensure holistic patient care.
- **Government Medical College and Hospital, Chandigarh:** Her tenure at this renowned institution allowed her to gain experience in handling diverse and challenging dermatological cases in a high-volume academic setting.
- **Regency Hospital, Kanpur:** Prior to her current role, Dr. Jain worked at Regency Hospital, further honing her expertise in both medical and cosmetic dermatology.
- **Research and Academic Contributions:** Dr. Jain has actively participated in dermatology research, contributing to numerous published papers in peer-reviewed

journals. She has also attended and conducted workshops under the dermatology department, staying abreast of the latest advancements in the field.

While some sources report her experience as ranging from 8 to 14 years, her consistent track record across these institutions underscores her depth of expertise and ability to adapt to varied clinical environments. Her collaborative approach ensures that patients receive comprehensive care that integrates the latest medical advancements.

Areas of Expertise and Specialized Treatments

Dr. Pragati Gogia Jain's practice encompasses a broad spectrum of dermatological services, blending medical treatments, cosmetic procedures, and surgical interventions. Her special interests include skin tag treatment, hair loss management, laser hair removal, and acne/pimple scar treatments. Her areas of focus, below, shed a bit of light on her expertise:

Medical Dermatology

Dr. Jain is skilled in the diagnosis and treatment of many dermatologic conditions, including:

- **Common Conditions:** Acne, eczema, psoriasis, contact dermatitis, dandruff, melasma, rosacea, vitiligo, fungal infections (e.g., tinea versicolor, dermatophytosis), bacterial infections, warts, hives, seborrheic dermatitis, and lichen planus.
- **Rare and Complex Disorders:** Pyoderma gangrenosum, mycosis fungoides, epidermolysis bullosa simplex, Papillon-Lefèvre syndrome, and Schopf-Schulz-Passarge syndrome.
- **Hair and Nail Disorders:** Alopecia areata, androgenetic alopecia, nail fungal infections, ingrown toenails, nail patella syndrome, and trichotillomania.
- **Allergic and Chronic Conditions:** Atopic dermatitis, chronic skin allergies, photodermatitis, solar keratosis, and seborrhea.
- **Other Conditions:** Pityriasis rosea, pediculosis, lichen nitidus, and premalignant skin lesions.

Her approach to medical dermatology emphasizes accurate diagnosis through detailed patient history and clinical evaluation, followed by customized treatment plans that may include topical therapies, systemic medications, or allergy immunotherapy.

Cosmetic Dermatology

Dr. Jain is highly skilled in cosmetic procedures that enhance aesthetic outcomes while addressing functional concerns:

- **Injectable Treatments:**
 - **BOTOX:** For wrinkle reduction and hyperhidrosis (excessive sweating).
 - **Fillers:** For under-eye rejuvenation, facial contouring, and non-surgical facelifts, providing natural-looking results.

- **Laser-Based Treatments:**
 - **Diode Laser Hair Removal:** Safe and effective for long-term hair reduction.
 - **Fractional CO2 Laser:** For acne scar remodeling and skin rejuvenation.
 - **Pigmented Lesion and Tattoo Removal:** Using advanced laser technology to target hyperpigmentation and tattoos.
- **Chemical Peels:** To address pigmentation, acne scars, and uneven skin tone, promoting smoother and brighter skin.
- **Plasma Pen Treatment:** For non-surgical skin tightening and rejuvenation.
- **Anti-Aging Treatments:** Including skin whitening, stretch marks removal, and mucocutaneous rejuvenation to combat signs of aging and environmental damage.

Surgical Dermatology

Dr. Jain's fellowship in dermatosurgery has equipped her with expertise in minimally invasive and surgical procedures:

- **Scar Revision Techniques:**
 - **Subcision:** For treating depressed acne scars.
 - **TCA CROSS (Chemical Reconstruction of Skin Scars):** For precise scar treatment.
 - **Punch Excision and Punch Floating:** For removing deep scars and improving skin texture.
- **Vitiligo Surgeries:** Including melanocyte transfer and punch grafting for pigmentation restoration.
- **Nail Surgeries:** For conditions like ingrown toenails and nail fungal infections.
- **Skin Biopsies:** For accurate diagnosis of suspicious skin lesions.
- **Radiofrequency Ablation and Cryotherapy:** For removing skin tags, warts, and other benign growths.

Advanced Therapies

- **Microneedling (Collagen Induction Therapy):** To stimulate collagen production and improve skin texture.
- **PRP (Platelet-Rich Plasma) Therapy:** For androgenetic alopecia and hair restoration, promoting natural hair growth.
- **Burns and Stretch Marks Treatment:** Using a combination of laser therapy and topical treatments to minimize scarring and stretch marks.
- **Allergy Immunotherapy:** For managing chronic skin allergies and sensitivities.

Dr. Jain's ability to integrate these advanced techniques ensures that patients receive personalized, results-driven care that addresses both aesthetic and medical concerns.

Professional Memberships and Recognitions

Dr. Jain is actively involved in the dermatological community, maintaining affiliations with leading professional organizations:

- **Indian Association of Dermatologists, Venereologists, and Leprologists (IADVL):** As a member, she both contributes to and benefits from the latest research and clinical guidelines in dermatology.
- **Association of Cutaneous Surgeons (ACS):** Her membership reflects her expertise in surgical dermatology and commitment to advancing minimally invasive techniques.

Her contributions have been recognized with prestigious awards:

- **Vivek Veer Award:** Presented by former Prime Minister Atal Bihari Vajpayee, honoring her outstanding contributions to healthcare.
- **University Gold Medals:** Five gold medals awarded during her MBBS and postgraduate studies for academic excellence and first ranks.

These memberships and accolades highlight Dr. Jain leads in the field and is committed to maintaining high standards of care.

Patient-Centric Philosophy

Dr. Pragati Gogia Jain is known for her compassionate and holistic approach to patient care. This sets her apart as a healthcare provider.

- **Personalized Treatment Plans:** She takes the time to understand each patient's medical history, lifestyle, and specific concerns, ensuring treatments are tailored to individual needs.
- **Patient Education and Empowerment:** Dr. Jain believes in empowering patients by educating them about their conditions, treatment options, and preventive measures. This fosters informed decision-making and promotes long-term health management.
- **Multilingual Communication:** Fluent in multiple languages, she ensures effective and clear communication with a diverse patient population, enhancing accessibility and trust.
- **Collaborative Care:** By working closely with other healthcare professionals, Dr. Jain delivers comprehensive care that integrates dermatological treatments with overall health management.
- **Supportive Environment:** Her empathetic demeanor creates a welcoming and supportive environment, helping patients feel comfortable and confident in their care.

Her patient-first approach has built widespread trust and loyalty. Patients value her ability to blend clinical expertise with genuine care.

Patient Feedback and Satisfaction

Dr. Jain's commitment to excellence shows in her patient feedback:

- **Recommendation Rate:** Approximately 86–87% of patients recommend her services, based on over 150–175 reviews on platforms like Apollo 24|7.
- **Patient Reviews:** Patients frequently praise her for her precise diagnoses, effective treatment outcomes, and compassionate bedside manner. Common feedback highlights her ability to explain complex conditions in an accessible way and her dedication to follow-up care.

Her high recommendation rate underscores her ability to deliver consistent, high-quality care that meets the needs of her patients.

Consultation and Contact Information

For those seeking expert dermatological care, Dr. Pragati Gogia Jain is available for consultations at:

- **Location:** Apollomedics Super Speciality Hospital, Kanpur–Lucknow Road, LDA Colony, Lucknow, Uttar Pradesh.
- **Consultation Fees:** Fees range from ₹700 to ₹800 for both in-person and online consultations, depending on the platform (e.g., Apollo 24|7 or HexaHealth).
- **Booking Process:** For priority appointments and a seamless experience, patients can access contact details and schedule consultations through:
 - **HexaHealth:** For hassle-free booking and detailed information.
 - **Apollo 24|7:** For online and in-person appointment scheduling.

Patients are encouraged to verify consultation fees and availability through these platforms to ensure a smooth experience.

Commitment to Advancing Dermatology

Dr. Pragati Gogia Jain's dedication to dermatology extends beyond clinical practice. She stays at the forefront of her field by:

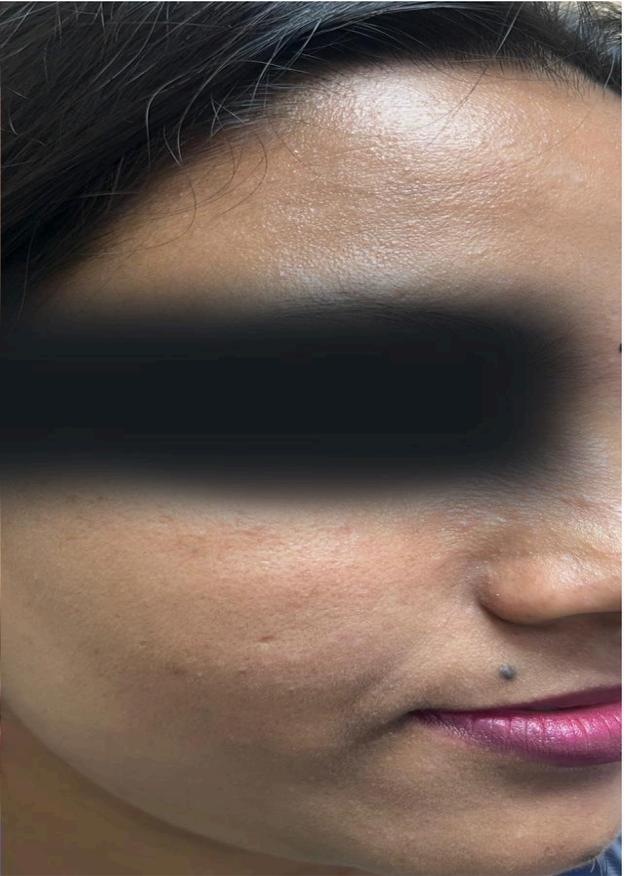

- **Continuous Learning:** Actively participating in workshops, conferences, and professional development to stay updated with the latest advancements in dermatology.
- **Research Contributions:** Her published papers contribute to the global body of knowledge in dermatology, addressing both common and rare skin conditions.
- **Community Engagement:** Through her memberships in IADVL and ACS, she collaborates with peers to advance dermatological care and share best practices.

Her commitment to innovation and excellence ensures that her patients benefit from the most current and effective treatments available.
